September 2024

1 Introduction

2 Sprints

2.1 Sprint Zero

c) : The coming work for the Kademlia project will be planned in the GitHub backlog system, to maintain an oversight of the project's progression and what needs to be done at what time to stick to the course timeline.

2.2 Sprint One

Sprint one is yet in early planning stages, we are currently working on dividing the goals **M1** - **M5** into sub-tasks to improve the planning of when and how to complete the goals for sprint one.

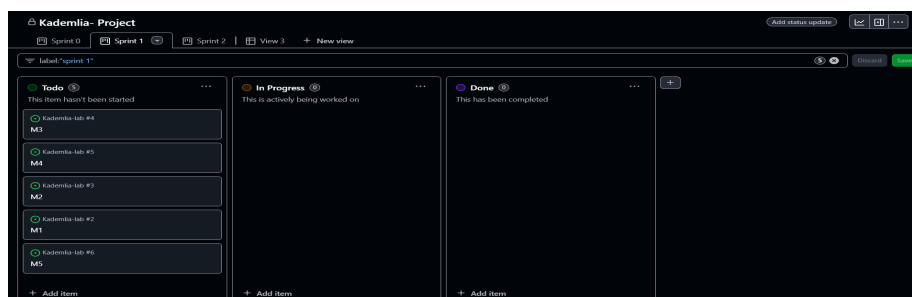

Figure 1: Iteration zero of the sprint one goals that will be divided into prioritized sub tasks proceeding.
